

# Now Your Car Isn't the Only Beautiful Thing in Your Garage

## Introducing ChargePoint® Home.

The world's most advanced and beautiful home electric vehicle charging station.

[chargepoint.com/home](https://chargepoint.com/home)

# The world's largest EV charging network is now in your home

Introducing ChargePoint Home, the smartest, smallest and most advanced home electric vehicle charger. Ever.

ChargePoint Home is a break-through in electric vehicle charging offering speed, convenience and intelligence all in an ultra-sleek, beautiful and durable design.

With ChargePoint Home, you can get up to 25 miles per hour of charging and easily manage all your charging right from your phone.

## Convenient

- + Schedule charging to minimize energy costs and work around your life
- + Control the wifi enabled station with your mobile app
- + Integrates with your ChargePoint account so you can track all your charging sessions
- + Start/stop charging sessions remotely
- + Set reminders so you never forget to charge
- + Works with Nest Learning Thermostat™

## Easy

- + Manage everything with your smart phone
- + Plugs into a standard 240V outlet

## Advanced

- + Ultra-thin profile
- + Durable construction suitable for outdoor use
- + Different cord lengths available to fit any garage
- + Universal J1772™ connector compatible with all cars
